

"The level of education reached by the Spanish surname population in 1960 was considerably below that of the nonwhite population as well. More than half of the Spanish surname men and almost half of the women over 14 years of age and over had not gone beyond the eighth grade." (PROJECT CHARACTER, 1969)

I would be happy to meet with you in the near future to discuss this recommendation. Since freshman acceptances and the awarding of financial aid will be determined soon, I would like to request an appointment with you at your earliest convenience.
